

José CORCEIRO founded Optical Business&services Fiber (OBS FIBER) in 2018. Driving OBS FIBER in the market of innovating optical fibers, special fiber components and fiber equipments, the company is in phase of becoming one of the major players for special optical fibers in France.

We can meet every request and give you a custom solution with our special and innovating fiber.

We are a leader for distributor on special optical fibers for corporate companies, universities and states. Our customers are working on automobile, solar energy, laser, medical, military and industrial fields.
